

Signature Requirements

Score cards must be signed and attested as follows:

Match Play and Individual Play: All competitors must sign the scorecard.

Partners and Two Man Team Play: One partner (team member) and one member of the other team in the foursome must sign the scorecard. If playing as a twosome, both players must sign.

Team/Foursome Play: Two members of the foursome must sign the scorecard.

In individual play events, any player who did not sign the scorecard is disqualified from winning a prize.

In two man and foursome events, the absence of the required signatures results in all players on the team being disqualified from winning a prize.

If a player or team is disqualified from winning a prize, their scores will be posted by the Tournament Committee if it is a postable round.
