

Scorecards on Thursday CLGA play days.

1. Posting of scores on CLGA play days.
 - a. CLGA posts all postable game scores on CLGA play days.
 - b. If you are not in the game, turn in your scorecard and CLGA will post your score.
 - c. The person whose name is at the top of the scorecard is the captain and is responsible for turning the scorecard into the Proshop.
 - d. In CLGA competitions, you must complete play of the hole and record all your strokes even those above the max, however, there may be circumstances where you were not able to complete or start a hole. See * below for instructions on how to handle those hole scores.
2. All play is from the Gold Tees.
3. Check your course handicap on the CLGA scorecard.
 - a. You can check for your “course” handicap on the GHIN app.
 - b. Note, with the World Handicap System your handicap can change daily.
 - c. If your handicap is different, please contact the pro shop (480-895-9449).
4. Golf Genius
 - a. One member in each foursome must use Golf Genius.
 - b. Download mobile Golf Genius app from the App Store (free) orange logo.
 - c. Look for GGID in the upper left corner of scorecard each week, enter into the app.
5. Record the total gross scores
 - a. Designate a scorecard recorder as well a Golf Genius recorder.
 - b. Record gross scores for each hole on scorecard AND Golf Genius.
 - c. Compare the scores, hole by hole with scorecard and Golf Genius.
6. Sign your scorecard
 - a. Write your initial by your name to “attest” your HOLE BY HOLE score.
 - b. Each player is responsible for their hole by hole score.
 - c. Golf Genius is responsible for totals and game totals
6. Any incorrect scores in GHIN or problems accessing GHIN?
 - a. Contact Nancy Hermanson so a correction can be made.

*Instructions for holes not completed:

1. For a hole **which counts** in that day’s game, you withdraw from the game if you do not complete or start a hole. Mark the scorecard “W/D” or WITHDREW. Just keep on playing, recording the scores (with a 5X or 7X) according to the guidelines below and have fun! **Remember that State Medallion and CAGD games count all actual scores for all holes.**

2. For a hole which **did not count** in that day’s competition use these guideline on recording a score.

A) Any hole not played is posted as a Net Par, equal to par plus any handicap strokes allocated to that hole. Example: if a 19 handicap player was playing 18 holes and did not start hole 18, she would post a 5 (Par (4) + allocated handicap strokes (1)). Record 5X on scorecard.

B) Any hole started and not completed should be posted as a most likely score, providing this is less than the net double bogey score, otherwise record the net double bogey score. Net Double Bogey is (Par + Double Bogey + any handicap strokes allocated on that hole). Example: if a 19 handicap player started to play hole 18 and did not complete hole 18, she would post a 7 (Par (4) + double bogey (2) + allocated handicap strokes (1)). Record 7X on scorecard if less than the most likely score, otherwise record most likely score 6X.
