

Play READY GOLF. Keep up with the group ahead of you.

We need everyone's help. Thank you!

*We should be able to complete 18 holes of golf in about 4 hours and 15 minutes. **Check your time at the turn - it should be around 2 hours.** 9 holes should be completed in around 2 hours.*

PLAY WITHOUT DELAY

- *Make every effort to keep up with the group ahead of you. You should be one stroke behind the group in front. Never look back at the group behind for pace of play.*
- *Be on time for your scheduled tee time.*
- *Plan your shot while walking to your ball or others are playing*
- *Be ready to play when it's your turn*
- *Walk briskly between shots*
- *Walk directly to your golf ball - don't follow others unless assisting in a search*
- *If riding, take several clubs with you to your ball so you won't have to walk back to the cart*
- *If using a distance measuring device, take it and some clubs with you to your ball so you won't have to walk back to your cart*
- *Be efficient with pre-shot routine. Pace of play guidelines allows 40 seconds to make a shot, timing starts when it is your turn.*
- *Take only one practice swing*
- *If playing in a 4 some and two of you have completed your putts, without disrupting play, advance to the next tee box and prepare begin the hole.*
- *Play a provisional ball if you think the original might be lost outside a water hazard or out of bounds*
- *Drop off your cart partner at her ball, go to your ball, hit your ball and if needed pick up your partner. Don't sit and wait to go to your ball.*
- *When pulling your cart up to the Green, please be sure to park forward so when you leave the Green, you are walking away from the Green and not toward those waiting to hit on to the Green.*
- *Do your score keeping at the next hole, do not sit at the hole while others are waiting to hit on to the green.*
- *Don't take a lot of time putting your clubs back into your bag. Riders can carry them in the cart to the next hole and then put them back in the bag.*
